

Tahoe Elementary School

September 12, 2023

Dear Community Partner,

At Tahoe Elementary School, we consider the “extras” like music, art, and garden education to be “necessaries.” With that in mind, we work hard each year to raise funds so that these and other impactful programs are available to all of the TK-6th grade students at our school.

We will be holding our annual Jog-A-Thon on November 9th, 2023, and we need the support of community partners like you to make it a success! While our students work to gather personal pledges, there are various costs with which we need your help. Each of our students will receive an event shirt to celebrate their hard work. Additionally, we give out prizes for our top earners, fastest runners, most motivated classes, etc. And don't forget the popsicles at the end of the run!

Our goal this year is to raise \$20,000 for our music program and other enrichment programs. That is a lofty goal for a Title I school! But we know that with hard work and the support of people like you, we can make it happen for our students!

Any amount of money that you're able to provide will be greatly appreciated! And all donations are tax deductible! (Checks can be made out to Tahoe Elementary PTA. Tax ID #94-6174614.)
